## *LOGOS SERVICE PROJECTS*

Throughout Lent, LOGOS will be completing several different projects that benefit people in our community and a broader area. Please consider how you can help support this effort including donating items, monetary contributions, Thrivent cards, and actively assisting our youth in putting together kits and delivering items.

Two of the projects that we are seeking donations for are for The Warming Shelter and the Ronald McDonald House in Sioux City. We will be putting together blessing bags for the homeless that include necessities to meet their basic needs. We will be collecting pop tabs for the Ronald McDonald House. There will be collection bins at St. Paul Lutheran Church and United Methodist Church. We will also be collecting (and purchasing) items to put together pediatric kits, mommy kits, and breakfast bags. Please see the items listed on the back that could be donated for these kits. We have also created an Amazon wish list. You can order from that list and have it shipped directly to St. Paul. The registrant name for the Amazon gift list is "St. Paul LOGOS". This list is titled "LOGOS Lent Project Wish List." Donations can be taken to St. Paul directly also.

This QR code is for the LOGOS Lent Project Wish List. Scan it with your camera, click the link, and it will take you directly to the list on Amazon!

Please have donations delivered by March 12.

emergency blankets

deodorant

toothpaste
